Verse 1:

```
   E                    A2          E
Amazing Grace, how sweet the sound
                              Bsus
That saved a wretch like me
   E                    A2        E
I once was lost, but now am found
                 Bsus    E
Was blind, but now I see
```

Verse 2:

```
        E                        A2          E
'Twas grace that taught my heart to fear
                           Bsus
And grace my fears relieved
       E                  A2        E
How precious did that grace appear
            Bsus    E
The hour I first believed
```

Verse 3:

```
        E                          A2          E
When we've been there ten thousand years
                         Bsus
Bright shining as the sun
         E                   A2          E
We've no less days to sing God's praise
                 Bsus   E
Than when we first begun
```
