### Verse 1:

$E^2$                        $A2^1$                $E^1$   
Amazing Grace, how sweet the sound  
 $E^2$                        $Bsus^2$   
That saved a wretch like me  
 $E^2$                        $A2^1$                $E^1$   
I once was lost, but now am found  
 $E^1$                $Bsus^1$   $E^2$

 $E^2$                        $A2^1$                $E^1$   
How precious did that grace appear  
 $E^1$        $Bsus^1$        $E^2$   
The hour I first believed

### Verse 3:

$E^2$                        $A2^1$                $E^1$   
When we've been there ten thousand years  
 $E^2$                        $Bsus^2$   
Bright shining as the sun  
 $E^2$                        $A2^1$                $E^1$   
We've no less days to sing God's praise  
 $E^1$                $Bsus^1$   $E^2$   
Than when we first begun
